

Annual Report of Municipal Statistics for New Brunswick - 2010

Rapport annuel des statistiques municipales du Nouveau-Brunswick - 2010

DEPARTMENT OF
LOCAL GOVERNMENT

MINISTÈRE DES
GOUVERNEMENTS LOCAUX

FOREWORD

The Department of Local Government is pleased to present the Annual Report of Municipal Statistics for 2010 for New Brunswick's municipalities, Local Service Districts and Rural Communities. While these statistics are presented on the basis of community status at January 1, during the year the Local Service District of Campobello was incorporated as a rural community. The revised count is therefore 101 municipalities (8 cities, 27 towns, and 66 villages), 266 local service districts, and 4 rural communities.

This report contains data based on the 2010 budgets submitted by local governments. It can be used as a basic tool to help local governments analyze their fiscal position and with future financial planning.

The report contains nine sections dealing with, to name a few, the budgets and tax rates of municipalities, rural communities, and local service districts; property assessments and tax bases; and long-term debt of municipalities and rural communities. We hope this document will provide maximum assistance and information to local governments and other interested parties regarding local government statistics. Input or suggestions on how this report could be improved are always appreciated.

I extend my thanks to all municipalities, rural communities, and the staff of the Community Finances Branch who contributed to this report.

Bonny Hoyt-Hallett
Deputy Minister \ Sous-ministre

AVANT-PROPOS

Le ministère des Gouvernements locaux est heureux de présenter le rapport annuel des statistiques municipales de l'année 2010 pour les municipalités, districts de services locaux et communautés rurales. Les statistiques présentées se rapportent aux communautés existantes au 1er janvier; toutefois, au cours de l'année, le district de services locaux de Campobello a été constitué en communauté rurale. Après révision, le compte s'établit donc à 101 municipalités (8 cités, 27 villes et 66 villages), ainsi que 266 districts de services locaux et 4 communautés rurales.

Le rapport contient des données basées sur les budgets soumis par les administrations locales pour l'année 2010. Ce document peut les aider à analyser leur situation financière et à faire de la planification.

Le rapport contient neuf sections portant, entre autres, sur les budgets et les taux de taxe des municipalités, communautés rurale, et des districts de services locaux, les évaluations foncière et les assiettes fiscale, et la dette à long terme des municipalités et communautés rurale. Nous voulons que le rapport fournisse le maximum d'information et d'aide aux gouvernements locaux ainsi qu'à toute personne intéressée aux statistiques des gouvernements locaux. Vos commentaires ou suggestions sur la façon d'améliorer le rapport sont toujours appréciés.

En terminant, je tiens à remercier les municipalités, communautés rurale, et le personnel de la Direction des finances communautaires qui ont collaboré à la préparation de ce rapport.

MUNICIPAL BUDGETS BY FUNCTION - REVENUES & EXPENDITURES

2010

BUDGETS MUNICIPAUX PAR FONCTION - REVENUS ET DÉPENSES

SECTION 1

MUNICIPAL BUDGETS BY FUNCTION

REVENUES

There are three general sources of revenue to finance the operating budgets of municipalities: 10.8% is derived from non-tax revenue, 9.6% from the unconditional grant, and 79.6% from the local warrant. Non-tax revenue is derived from revenue earning enterprises such as rental of properties, investments, fees for licenses or permits, fine revenues and the sale of services.

The net budget is financed through the unconditional grant and local taxation (warrant). The warrant is the portion of the budget that is raised through property taxes.

EXPENDITURES

The *Municipalities Act* defines the services that the Municipal Council may provide to its community. While police protection is the only mandatory service, municipalities may provide a wide range of local services. For statistical purposes, these services are grouped into a number of general categories as displayed in the following section. In addition, municipalities may provide water and sewer utilities. These are accounted for in a separate fund.

SECTION 1

BUDGETS MUNICIPAUX PAR FONCTION

REVENUS

Il existe trois sources générales de revenus servant à financer les budgets des municipalités : 10,8 % proviennent des recettes non fiscales, 9,6 % de la subvention inconditionnelle et 79,6 % du mandat local. Les recettes non fiscales proviennent d'activités lucratives entreprises par la municipalité comme par exemple la location de locaux, l'investissement, les droits pour les licences et permis, les amendes et la vente de services.

Le budget net provient de la subvention inconditionnelle et des impôts locaux (mandat). Le mandat est la partie du budget net qui provient des impôts fonciers.

DÉPENSES

La *Loi sur les municipalités* définit les services que le conseil municipal peut fournir à sa localité. Le service de police est le seul service obligatoire. Les municipalités peuvent toutefois offrir une vaste gamme de services locaux. À des fins statistiques, ces services sont regroupés sous les catégories générales qui figurent dans la section suivante. Les municipalités peuvent également fournir les services d'eau et d'égout qui font l'objet d'un fonds distinct.

ÉVALUATIONS FONCIÈRES ET ASSIETTES FISCALES

SECTION 2

ASSESSMENT AND TAX BASES

In New Brunswick, the Province performs the assessment function on behalf of all taxing authorities. All real property (with few exceptions) is assessed at its real and true value (market value) as of January 1st of the taxation year. The Province calculates the total value of all properties in each municipality (and rural community and Local Service District) and provides this information for the determination of the local tax rate. The Province also issues tax bills and undertakes collection of property taxes.

There are two general classifications of properties: residential and non-residential. Non-residential properties are taxed at one-and-one-half times the prevailing tax rates.

ASSESSMENT BASE

The assessment base is the total value of all real property liable to taxation under the *Assessment Act*. Real property includes residential and non-residential property.

TAX BASE

The tax base consists of the total residential assessment base plus one-and-one-half of the assessed value of non-residential property as defined under the *Assessment Act*.

TAX BASE FOR RATE

The tax base for rate provides the municipality (and rural community and Local Service District) with the base on which they can calculate their tax rate. It is derived by adjusting the federal component of the tax base to reflect assessed values on which the Province expects payment from the Federal Government.

SECTION 2

ÉVALUATION FONCIÈRE ET ASSIETTE FISCALE

Au Nouveau-Brunswick, la province effectue l'évaluation pour tous les autorités fiscales. Tous les biens réels (à quelques exceptions près) sont évalués à leur valeur réelle et véritable (valeur du marché) au 1^{er} janvier de l'année d'imposition. La province calcule la valeur totale de tous les biens dans chaque municipalité (et communauté rurale et district de services locaux) et fournit cette information pour la détermination du taux d'imposition local. Elle envoie aussi les factures d'impôt et perçoit les impôts fonciers.

Il existe deux catégories générales de biens: biens résidentiels et biens non résidentiels. L'impôt sur les biens non résidentiels est une fois et demie le taux d'imposition résidentiel.

ÉVALUATION FONCIÈRE

En vertu de la *Loi sur l'évaluation*, l'évaluation foncière est la valeur totale de l'ensemble des biens réels qui peuvent être taxés dans une municipalité. Les biens réels désignent les biens résidentiels et non résidentiels.

ASSIETTE FISCALE

L'assiette fiscale est la base d'évaluation résidentielle plus une fois et demie la valeur imposable d'un bien non résidentiel tel qu'il est défini dans la *Loi sur l'évaluation*.

ASSIETTE FISCALE POUR LE TAUX

L'assiette fiscale pour le taux donne à la municipalité (et communauté rurale et district de services locaux) une base pour le calcul du taux d'imposition. Elle comprend un rajustement à la valeur des propriétés fédérales pour tenir compte de la valeur de l'évaluation sur laquelle le gouvernement fédéral payera.

SECTION 3

MUNICIPAL RATES

The Province shares the property tax field with municipalities and rural communities in New Brunswick. That is to say that both the Province and local governments levy taxes on real property. The residential rate of provincial property taxation is \$1.4573 per \$100 of assessed value. The non-residential properties are \$2.186 per \$100 of assessed value. Owner-occupied residences in local governments do not pay provincial property taxes. In Local Service Districts the Province levies a rate of \$0.6315 per \$100 of assessment on owner-occupied properties with respect to the costs of providing certain services.

Local governments levy a local tax to recover that part of the net budget not financed through the unconditional grant. In 2010, tax rates range from \$0.7500 to \$1.7850 per \$100 of assessment.

The cost of local government utilities (water and sewer) is recovered through a separate user fee. Utility charges vary among local governments based on the cost, type of service and the method of cost recovery.

The levy for a Business Improvement Area (BIA) is a levy that is not part of regular local services. Under the *Business Improvement Areas Act*, a local government may, by by-law, designate a zone within its boundaries, upon presentation of a petition from non-residential property users, as a business improvement area. A BIA is formed to promote, improve and enhance the business and shopping areas. The budget of the corporation is developed and adopted by the BIA and is then approved by the local government council which, in turn, will determine a rate that shall not exceed \$0.20 for each \$100 of assessed value.

SECTION 3

TAUX MUNICIPAUX

Au Nouveau-Brunswick, la province partage le champ d'impôt foncier avec les municipalités et communautés rurales. C'est donc dire que la province et les gouvernements locaux déterminent les taux d'imposition sur les biens réels. Le taux résidentiel de l'impôt foncier provincial est de 1,4573 \$ par 100 \$ d'évaluation. Pour les biens non résidentiels, le taux est de 2,186 \$ par 100 \$ d'évaluation. Les propriétaires-occupants de résidences à l'intérieur d'un gouvernement local ne paient pas d'impôt foncier provincial. Dans les districts de services locaux, la province applique un taux de 0,6315 \$ par 100 \$ d'évaluation sur les propriétés résidentielles occupées par le propriétaire pour les coûts de prestation de certains services.

Les gouvernements locaux perçoivent une taxe locale afin de recouvrir la partie du budget net qui n'est pas financée par la subvention inconditionnelle. En 2010, les taux d'imposition varient de 0,7500 \$ à 1,7850 \$ par 100 \$ d'évaluation.

Les frais des services publics gouvernements locaux (eau et égout) sont recouverts par des frais aux usagers. Les frais de ces services publics varient parmi les gouvernements locaux, selon le coût, le type de services et la méthode de recouvrement des coûts.

La contribution pour la zone d'amélioration des affaires (ZAA) est une contribution qui ne fait pas partie des services locaux comme tel. Un gouvernement local peut en vertu de la *Loi sur les zones d'amélioration des affaires* et par arrêté municipal, désigner une zone à l'intérieur de ses limites territoriales à la suite d'une requête d'usagers de biens non résidentiels. La corporation est créée dans le but de promouvoir, améliorer et mettre en valeur les zones commerciales et d'affaires. Le budget de la corporation est élaboré et adopté par la ZAA et ensuite approuvé par le conseil gouvernement local. Ce dernier fixe la contribution qui ne peut dépasser 0,20 \$ du 100 dollars d'évaluation.

MUNICIPAL COMPARATIVE DATA

DONNÉES MUNICIPALES COMPARATIVES

SECTION 4

MUNICIPAL COMPARATIVE DATA

The main purpose of this section is to provide municipalities with information to compare their circumstances with similar municipalities. A number of comparative data are presented in the following tables. While most are self-explanatory, one requires an explanation:

FISCAL CAPACITY

The fiscal capacity index measures the strength of a municipality's tax base relative to similar municipalities. It is determined by comparing the tax base per capita to the average of its category. Thus, if a municipality has a lower than average per capita tax base, this implies that its fiscal capacity is not as strong as other municipalities in the same group. Conversely, if it has a higher than average per capita tax base, it is said to have a comparatively strong fiscal capacity.

SECTION 4

DONNÉES MUNICIPALES COMPARATIVES

L'objectif principal de cette section est de fournir aux municipalités des renseignements leur permettant de comparer leur situation à celles municipalités semblables. Certaines données comparatives figurent dans les tableaux suivants. La plupart des données sont explicites, mais une exige des précisions.

CAPACITÉ FISCALE

L'indice de la capacité fiscale mesure la force de l'assiette fiscale de la municipalité comparée à des municipalités semblables. On l'établit en comparant l'assiette fiscale par habitant de la municipalité à la moyenne de son groupe. La capacité fiscale d'une municipalité ayant une assiette fiscale par habitant inférieure à la moyenne serait donc moins grande par rapport aux autres municipalités du groupe. Inversement, le potentiel fiscal d'une municipalité ayant une assiette fiscale par habitant plus élevée que la moyenne serait comparativement plus grand.

SECTION 5

MUNICIPAL CAPITAL BORROWING

The Municipal Capital Borrowing Board (the Board) was established by the *Municipal Capital Borrowing Act* Chapter M-20 of the Acts of New Brunswick 1963. The Board was formed with a mandate to monitor and authorize long-term capital borrowing of municipalities, rural communities and municipal agencies.

As required by legislation the Board holds ten public hearings each year to review applications for borrowing to ensure that municipalities and rural communities, as well as municipal agencies are financially able to undertake capital borrowing in conformance with the legislation.

OUTSTANDING LONG-TERM DEBT

This section reflects the debt profile for each municipality, rural community and municipal agency. The total outstanding debt for all funds at the beginning and the end of 2009 is presented. Included in these amounts are all long-term obligations including debentures, purchase agreements and capital leases as reported in the audited financial statements. You will also find the long-term debt for commissions that are either accountable to the province and/or to a municipal government.

OUTSTANDING BORROWING AUTHORITY

The outstanding borrowing authority presently totals \$407 million, of which approximately \$73.9 million is for interim financing only, and will not result in long-term borrowing. The remaining \$333.1 million primarily reflects authorizations of the Board during the past two years, which will be converted to long-term debenture debt within the next two years.

DEBT COST RATIO

This ratio is a measure of the debt service cost as a percentage of total expenditures of the general operating fund of a municipality. Where applicable, the ratio includes loan guarantees. The Board has adopted as a guideline a maximum debt service cost to total budget ratio of 20%. Where municipal debt payments exceed this guideline, they are expected to develop a multi-year plan to reduce their ratio below this level. Borrowing related to utility commissions is not considered in the calculation of the debt cost ratio of a municipality.

SECTION 5

EMPRUNTS DE CAPITAUX PAR LES MUNICIPALITÉS

La Commission des emprunts de capitaux par les municipalités (la Commission) a été créée en vertu de la *Loi sur les emprunts de capitaux par les municipalités*, chapitre M-20 des lois du Nouveau-Brunswick de 1963. La Commission est chargée de contrôler et d'autoriser les emprunts de capitaux à long terme des municipalités, communautés rurales et des organismes municipaux.

Comme l'exige la Loi, la Commission tient dix audiences publiques chaque année pour étudier les demandes d'emprunt afin de s'assurer que les municipalités, communautés rurales, et les organismes municipaux ont la capacité financière d'emprunter pour des dépenses en capital et respectent les limites d'emprunt de capitaux fixées par la loi.

DETTE IMPAYÉE À LONG TERME

Cette section porte sur le profil de la dette de chaque municipalité, communauté rurale et organisme municipale. On y présente la dette de tous les fonds au début et à la fin de 2009. Ces montants comprennent toutes les obligations à long terme, y compris les débetures, les contrats d'achat et les contrats location-acquisition présentés dans les états financiers vérifiés. Vous trouverez aussi la dette à long terme des commissions qui doivent rendre des comptes soit à la province ou à un gouvernement municipal.

EMPRUNTS AUTORISÉS NON UTILISÉS

Actuellement, les emprunts autorisés non utilisés représentent une valeur de 407 millions de dollars, dont environ 73,9 millions ont été consentis comme financement provisoire et ne constitueront pas un emprunt à long terme. L'autre tranche de 333,1 millions de dollars représente surtout des autorisations de la Commission des deux dernières années qui seront converties sous forme de débetures au cours des deux prochaines années.

RATIO DES FRAIS DU SERVICE DE LA DETTE

Ce ratio est le calcul des frais du service de la dette en tant que pourcentage des dépenses totales prévues au budget du fonds de fonctionnement général d'une municipalité. Les garanties de prêts sont aussi incluses. La Commission des emprunts de capitaux par les municipalités a adopté comme ligne directrice un ratio maximum de 20 p. 100 des frais du service de la dette par rapport au budget total. Si les paiements de la dette municipale dépassent cette ligne directrice, la municipalité doit dresser un plan pluriannuel afin de réduire son ratio en dessous de ce niveau. Les emprunts pour les commissions de services publics ne sont pas inclus dans le calcul du ratio des frais de la dette d'une municipalité.

SECTION 5 (continued)

DEBT COST RATIO (continued)

In 2010, the city of Dieppe was over the 20% limit. The municipality has submitted a 5 year capital investment plan to manage their debt while dealing with extensive development in the community.

The village of Paquetville was also over the 20% limit. However, the municipality receives a contribution from the Local Service Districts for the purchase of a fire truck and rental revenue from a multifunctional building, which when taken into consideration reduces the debt cost ratio to 13.8%

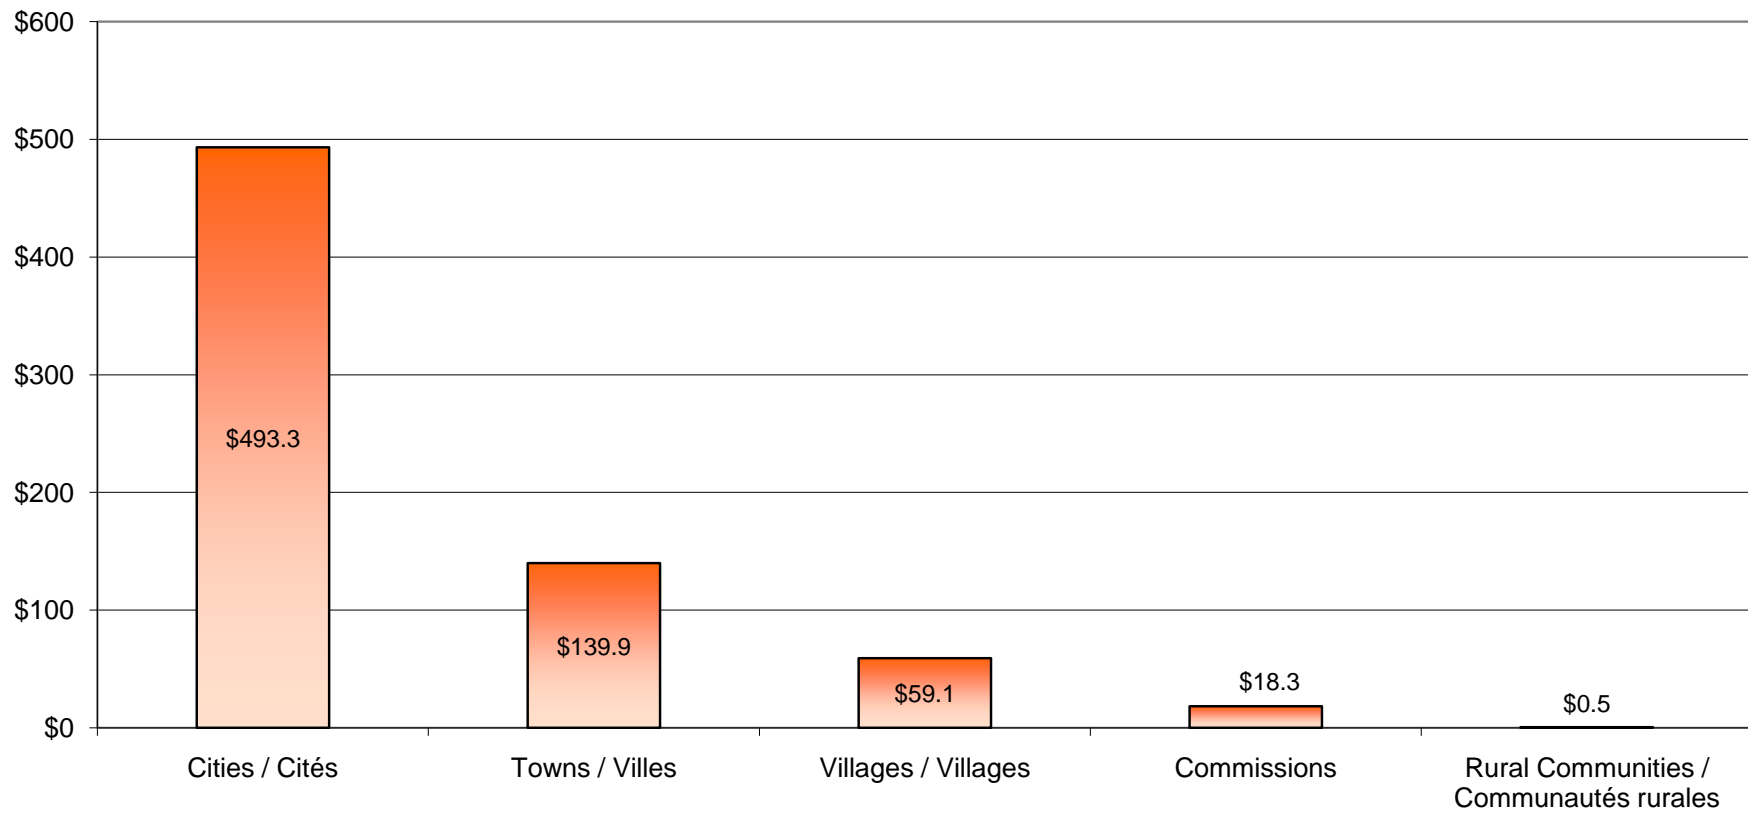

SECTION 5 (continué)

RATIO DES FRAIS DU SERVICE DE LA DETTE (continué)

La ville de Dieppe était au-dessus de la 20 % limite, pour l'année 2010. La municipalité a soumis un plan d'investissement quinquennal pour gérer la dette pendant cette période de développement accrue dans la communauté.

Le village de Paquetville était également au dessus de la limite de 20 %. Cependant, la municipalité reçoit une contribution des districts de service locaux pour l'achat du camion d'incendie ainsi que des revenus de location d'un édifice multifonctionnel, lesquels réduisent le ratio d'endettement à 13,8 %.

COMMUNAUTÉS RURALES

SECTION 6

RURAL COMMUNITIES

Legislation provides opportunities for LSDs and existing villages to consider the formation of a new form of local government, an incorporated Rural Community. With a locally elected council, a rural community has increased decision-making at the local level, and increased access to quality local services. However, until a rural community chooses to assume services beyond community planning, emergency measures and general government, the Minister will continue to administer certain core services.

This section identifies related data and information for services and debts administered by the rural communities.

SECTION 6

COMMUNAUTÉS RURALES

La loi permet aux localités non-constituées (DSL) et aux villages actuels d'envisager une nouvelle forme d'administration locale, soit une communauté rurale constituée. Dotée d'un conseil élu localement, la communauté rurale permet une prise de décisions accrue à l'échelle locale et un meilleur accès à des services locaux de qualité. Cependant, jusqu'à ce qu'une communauté rurale choisit d'offrir des services au delà de l'urbanisme, des mesures d'urgence et d'administration générale, le Ministre continuera à administrer certains services fondamentaux.

Cette section identifie des données et l'information apparentées pour les services et les dettes administré par les communautés rurales

SECTION 7

LOCAL SERVICE DISTRICTS AND RURAL COMMUNITY SERVICES ADMINISTERED BY MINISTER OF LOCAL GOVERNMENT

While fully autonomous cities, towns, and villages are the prominent local government structures in New Brunswick, approximately 35% of the population and 90% of the geographical area of the province is unincorporated. These areas are divided into 267 Local Service Districts.

LOCAL SERVICE DISTRICTS

Local Service Districts (LSD) are established to provide local services to the residents of a specific geographical area. These local services can include fire protection, street lighting, community services, recreational facilities, solid waste collection and disposal, community planning and property assessment. The residents of the area are taxed according to the services they receive.

Services such as police protection, transportation, and general administration are provided directly by the Province. Owner-occupied properties are taxed \$.6315 per \$100 of assessment for these services.

Administration of the LSD's is the responsibility of the Minister of Local Government. Locally elected advisory committees assist in this process by serving in an advisory capacity to the Minister.

LOCAL SERVICES PROVIDED WITHIN RURAL COMMUNITIES

This section also identifies services the Minister continues to administer within former local service districts that have combined to form rural communities.

SECTION 7

DISTRICTS DE SERVICES LOCAUX ET SERVICES DES COMMUNAUTÉS RURALES GÉRÉS PAR LA MINISTRE DES GOUVERNEMENTS LOCAUX

Même si les cités, les villes et les villages entièrement autonomes sont les principales structures d'administration locale au Nouveau-Brunswick, environ 35 p. 100 de la population et 90 p. 100 de la superficie géographique de la province ne sont pas constitués en secteur incorporé. Ces secteurs sont divisés en 267 districts de services locaux.

DISTRICTS DE SERVICES LOCAUX

Les districts de services locaux (DSL) sont créés afin de dispenser des services locaux aux résidents d'une région géographique donnée. Les services locaux peuvent comprendre la protection contre les incendies, l'éclairage des rues, les services communautaires, les installations de loisirs et la collecte et l'élimination des déchets solides, la planification de l'utilisation des terres et l'évaluation des propriétés. Les résidents de la région paient une taxe en fonction des services qu'ils reçoivent.

Les services tels que la police, le transport et l'administration générale sont fournis directement par la province. Pour ces services un taux de 0,6315 \$ par 100 \$ d'évaluation est imposé aux propriétés occupées par le propriétaire.

Les districts de services locaux sont administrés par la ministre des Gouvernements locaux. Les comités consultatifs élus au niveau local participent à ce processus en conseillant la ministre.

SERVICES LOCAUX FOURNIS AU SEIN DES COMMUNAUTÉS RURALES

Cette section identifie aussi des services qui sont encore administrés par le Ministre pour les anciens districts de service locaux qui font maintenant partie d'une communauté rurale.
