EARLY CHILDHOOD SERVICES

The Early Childhood Services branch is responsible for the development, design and monitoring of all departmental early childhood and school-based programs and services.

We are pleased to share the New Brunswick 2012-2013 Child Day Care Services Annual Statistical Report. The information contained in this report will provide the user with an overview of Child Day Care Services in New Brunswick.

This report provides a profile of New Brunswick Child Day Care Services for 2012-2013 and in some cases data from previous fiscal years so the user will be able to track trends. It reports on programs that support the child day care facilities and the families and children who access child day care services in New Brunswick. It also provides a picture of the investments that Education and Early Childhood Development has made in child day care services during this reporting period.

The Child Day Care Services Program is responsible for representing the public interest in matters related to the safety and healthy development of young children from birth to 12 years of age who are in non-parental child day care arrangements primarily while their parents are working, studying or in training. Child Day Care Services are legislated under Part II of the Family Services Act, Day Care Regulation 83-85 and the Child Day Care Facilities Operator Standards.

DAY CARE ASSISTANCE PROGRAM

The Day Care Assistance Program is designed to help New Brunswick families obtain the best possible child care for their children. This program offers parents or guardians financial assistance to help them access an approved, licensed day care facility. If parents or guardian have no access to a child day care facility, either because they work evenings, nights or weekends or because there is no licensed child day care facility near where they live they can obtain private child care through the Alternative Child Care Program.

Maximum Daily Rates

As of October 2013

- Infants - **\$27.50 / day**
- Preschool - **\$23.75 / day**
- School Age - **\$12.50 / day**

Take-Up

- **6,095 children** in approved child day care facilities benefited from the Day Care Assistance Program in 2012-2013.

LICENSING AND MONITORING PERFORMANCE INDICATORS

In New Brunswick, a Certificate of Approval is required to operate a day care facility. Certificates of Approval are issued for a twelve month period. However, under specific conditions, a temporary approval may be issued for a designated period of time, not to exceed six months.

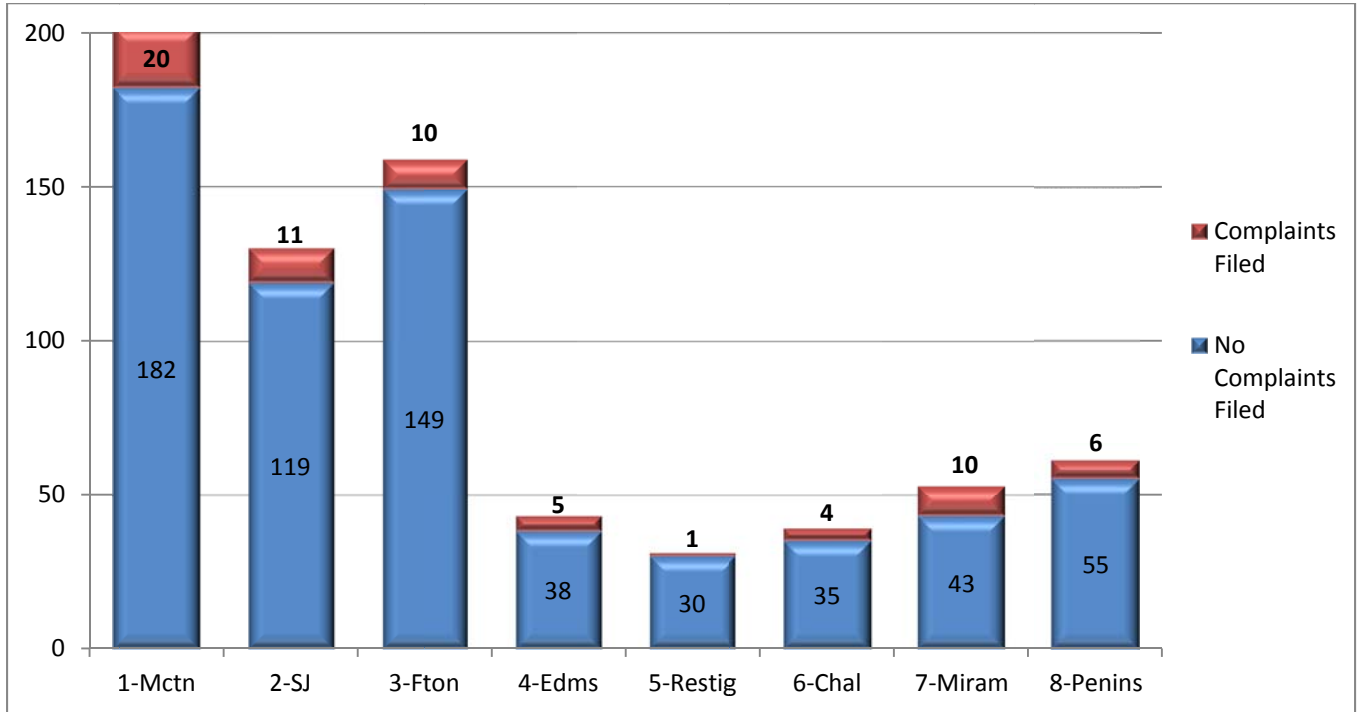

Early Childhood Services Coordinators approve and monitor the child day care facilities, investigate complaints and provide program support. The approval and renewal process ensures minimal standards of health, safety and well-being for young children in non-parental care.

The chart below indicates the annual average percentage of facilities by region operating with a valid Certificate of Approval. A valid Certificate of Approval is an indicator that the day care facility has been inspected and is in compliance with the Day Care Regulation 83-85 prior to expiry of their current Certificate.

The following chart represents the number of complaints filed during the 2012-2013 fiscal year.

Number of Day Care Facilities by Region and Complaints filed 2012-2013

**This chart is based on caseload distribution by region rather than on the physical location of the day care facilities.
