MINISTER'S DETERMINATION CONDITIONS OF APPROVAL

Pursuant to Regulation 87-83 under the Clean Environment Act

August 23, 2010

File Number: 4561-3-1210

1. In accordance with section 6(6) of the Regulation, it has been determined that the undertaking may proceed following approval under all other applicable acts and regulations.
2. Commencement of this undertaking must occur within three years of the date of this Determination. Should commencement not be possible within this time period the undertaking must be registered under the *Environmental Impact Assessment Regulation (87-83)* – Clean Environment Act again, unless otherwise stated by the Minister of Environment.
3. The proponent shall adhere to all obligations, commitments, monitoring and mitigation measures presented in the EIA registration document dated April 9, 2009, as well as all those identified in subsequent correspondence during the registration review. Additionally, the proponent shall submit a summary table detailing the status of each Condition listed in this Determination to the Manager of the Environmental Assessment Section of the Department of Environment every 6 months from the date of this Determination until such a time as all the Conditions have been met.
4. If it is suspected that remains of archaeological significance are found during construction, all activity shall be stopped near the find and the Resource Manager of the Archaeological Services Unit, Heritage Branch of the Department of Wellness, Culture and Sport, shall be contacted at (506) 453-3014.
5. The Environmental Risk Assessment (ERA), as outlined in Technical Supplement 3 of the Canada-wide Strategy for the Management of Municipal Wastewater Effluent, must be finalized no less than 18 months following the completion of construction activities, at which point it must be submitted for review and it must receive approval from the Manager of the Environmental Assessment Section, DENV. For more information, please contact the Manager of DENV's Environmental Assessment Section at (506) 444-5382, or the Manager of DENV's Water and Wastewater Management Section at (506) 453-7945.
6. Fisheries and Oceans Canada's Oceans and Habitat Area Chief in Tracadie-Sheila must be contacted 48 hours before the commencement of activities related to this project. The Area Chief can be reached at (506) 395-7722.
7. The proponent shall ensure that all developers, contractors and operators associated with the construction and operation of this project comply with the above requirements and adhere to the Environmental Management Plan that was prepared for this project.
