MINISTER’S DETERMINATION CONDITIONS OF APPROVAL

Pursuant to Regulation 87-83 under the Clean Environment Act

January 17th, 2012

File Number: 4561-3-1231

1. In accordance with section 6(6) of the Regulation, it has been determined that the undertaking may proceed following approval under all other applicable acts and regulations.
2. Commencement of this undertaking must occur within three years of the date of this Determination. Should commencement not be possible within this time period the undertaking must be registered under the *Environmental Impact Assessment Regulation (87-83) – Clean Environment Act* again, unless otherwise stated by the Minister of Environment.
3. The proponent shall adhere to all obligations, commitments, monitoring and mitigation measures presented in the EIA registration document dated August 5, 2011 as well as all those identified in subsequent correspondence during the registration review, including the document titled, “Tire Application for Registration Derived Fuel Incineration in the Power Boiler AV Nackawic Inc. Nackawick, New Brunswick”, dated August 2009 (i.e. test burn). Additionally, the proponent shall submit a summary table detailing the status of each Condition listed in this Determination to the Manager of the Environmental Assessment Section of the Department of Environment every 6 months from the date of this Determination until such a time as all the Conditions have been met.
4. The Tire Derived Fuel (TDF) shall be metered into the boiler at a rate not to exceed 5% by weight of the wood waste feed into the boiler. Reporting to verify compliance will be required through condition(s) of the *Air Quality Approval to Operate*.
5. The proponent must apply for an amendment to the *Air Quality Approval to Operate* to incorporate the burning of TDF. The proponent must receive the amended Approval prior to commencing any Project activities.
6. The proponent shall ensure that all developers, contractors and operators associated with the construction and operation of the project comply with the above requirements.
