1. In accordance with section 6(6) of the Regulation, it has been determined that the undertaking may proceed following approval under all other applicable acts and regulations.
2. Commencement of this undertaking must occur within three years of the date of this Determination. Should commencement not be possible within this time period the undertaking must be registered under the *Environmental Impact Assessment Regulation (87-83)* – Clean Environment Act again, unless otherwise stated by the Minister of Environment.
3. The proponent shall adhere to all obligations, commitments, monitoring and mitigation measures presented in the EIA registration document dated January 19, 2011, as well as all those identified in subsequent correspondence during the registration review. Additionally, the proponent shall submit a summary table detailing the status of each Condition listed in this Determination to the Manager of the Environmental Assessment Section of the Department of Environment (DENV) every 6 months from the date of this Determination until such a time as all the Conditions have been met.
4. If it is suspected that remains of archaeological significance are found during construction or operation of the facility, all activity shall be stopped near the find and the Resource Manager of the Archaeological Services Unit, Heritage Branch of the Department of Wellness, Culture and Sport, shall be contacted at (506) 453-3014.
5. An Environmental Management Plan must be submitted to the Manager of the Environmental Assessment Section of DENV for review and must receive approval prior to the start of construction activities associated with this project. For additional information, please contact the Manager at (506) 444-5382.
6. An *Approval to Construct* will have to be obtained from DENV prior to the start of any construction activities associated with this project, and an *Approval to Operate* will subsequently be required. For additional information, please contact the Manager of the Industrial Processes Section of DENV at (506) 453-7945.
7. The proponent shall ensure that all developers, contractors and operators associated with the construction and operation of this project comply with the above requirements.
