MINISTER'S DETERMINATION CONDITIONS OF APPROVAL

Pursuant to Regulation 87-83 under the Clean Environment Act

October 7, 2013

File Number: 4561-3-1361

1. In accordance with section 6(6) of the Regulation, it has been determined that the undertaking may proceed following approval under all other applicable acts and regulations.
2. Commencement of this undertaking must occur within three years of the date of this Determination. Should commencement not be possible within this time period the undertaking must be registered under the *Environmental Impact Assessment Regulation (87-83)* – Clean Environment Act again, unless otherwise stated by the Minister of Environment and Local Government.
3. The proponent shall adhere to all obligations, commitments, monitoring and mitigation measures presented in the EIA registration document dated July 16, 2013, as well as all those identified in subsequent correspondence during the registration review. Additionally, the proponent shall submit a summary table detailing the status of each Condition listed in this Determination to the Manager of the Environmental Assessment Section of the Department of Environment and Local Government (DELG) every 6 months from the date of this Determination until such a time as all the Conditions have been met.
4. If it is suspected that remains of archaeological significance are found during construction, as per the Heritage Conservation Act, all activity shall be stopped near the find and the Resource Manager of the Archaeological Services Unit shall be contacted at (506) 453-3014.
5. This Determination only applies to the activities described in the EIA registration document (i.e. the importation of used plastic containers that contained hydrocarbons and antifreeze from the Maritime Provinces and the compacting of these containers). If any other activities are proposed at this facility, a description of them will have to be submitted to the Manager of DELG's Environmental Assessment Section prior to the commencement of these activities in order to determine any regulatory requirements, including the potential for a new EIA registration. For more information, please contact the Manager at (506) 444-5382.
6. The proponent must ensure that all developers, contractors, and operators associated with the construction and operation of the project comply with the above requirements.
