MINISTER’S DETERMINATION CONDITIONS OF APPROVAL

Pursuant to Regulation 87-83 under the Clean Environment Act
January 8, 2015.
File Number: 4561-3-1395

1. In accordance with section 6(6) of the Regulation, it has been determined that the undertaking may proceed following approval under all other applicable acts and regulations.
2. Commencement of this undertaking must occur within three years of the date of this Determination. Should commencement not be possible within this time period, the undertaking must be registered under the *Environmental Impact Assessment Regulation (87-83) – Clean Environment Act* again, unless otherwise stated by the Minister of Environment and Local Government.
3. The proponent shall adhere to all obligations, commitments, monitoring and mitigation measures presented in the EIA registration document dated October 2014; all subsequent reports submitted and to all those in correspondence during the course of the registration review. Additionally, the proponent shall submit a summary table detailing the status of each Condition listed in this Determination to the Manager of the Environmental Assessment Section, Department of Environment and Local Government (DELG) every 6 months from the date of this Determination until such a time that it is determined to be no longer necessary.
4. Work in the area shall cease in the event that any heritage resource is encountered during construction activities. The find must be reported to Archaeological Services, Heritage Branch at (506) 453-3014, and a plan of action agreed upon.
5. Refueling and maintenance of equipment must take place in designated areas, on level terrain, a minimum of 30 m from any surface water bodies and potable water supply wells, on a prepared impermeable surface with a collection system to contain oil, gasoline and hydraulic fluids. Appropriate spill response equipment must be maintained in a readily accessible location during project construction and operation. All spills and releases shall be promptly contained, cleaned up and reported to the 24-hour emergency response line (1-800-565-1633).
6. The proponent shall ensure that all developers, contractors and operators associated with the project are familiar with, and comply with the requirements of the Migratory Birds Convention Act and the Species at Risk Act and associated *Regulations*.
7. Implementation of the project may require a modification to the existing *Approval to Operate*. Please contact the Manager of the Remediation and Materials Management section for further information at (506) 453-7945.
