MINISTER'S DETERMINATION CONDITIONS OF APPROVAL

Pursuant to Regulation 87-83 under the Clean Environment Act
January 24, 2018
File Number: 4561-3-1475

1. In accordance with section 6(6) of the Regulation, it has been determined that the undertaking may proceed following approval under all other applicable acts and regulations.
2. Commencement of this undertaking must occur within three years of the date of this Determination. Should commencement not be possible within this time period, the undertaking must be registered under the *Environmental Impact Assessment Regulation* (87-83) – Clean Environment Act again, unless otherwise stated by the Minister of Environment and Local Government.
3. The proponent shall adhere to all obligations, commitments, monitoring and mitigation measures presented in the EIA registration document dated September 12, 2017, as well as all those identified in subsequent correspondence during the registration review. Additionally, the proponent shall submit a summary table detailing the status of each Condition listed in this Determination to the Director of the Environmental Impact Assessment (EIA) Branch, Department of Environment & Local Government (DELG) every 6 months from the date of this Determination until such a time as all the Conditions have been met, or until it is deemed by the Director, EIA Branch, DELG to be no longer necessary.
4. Prior to commencing any alteration within 30 meters of a watercourse or wetland, the proponent will require a valid *Watercourse and Wetland Alteration Permit*. For more information, please contact the Regional Wetlands Biologist at (506) 547-2092.
5. Prior to removing a quarriable substance from within an area designated as a shore area, the proponent shall obtain a *Quarry Permit* under the Quarriable Substances Act. For more information, please contact the Resource Tenure Section of the Department of Energy & Resource Development at (506) 444-5806.
6. Prior to commencing the project, the proponent must obtain a *Fisheries Act Authorization* from the Fisheries Protection Program of Fisheries and Oceans Canada (DFO). For more information, please contact the Fisheries Protection Program at 506-851-3365.
7. The proponent shall ensure that all project activities are conducted in a manner that would be in compliance with the Migratory Birds Convention Act and associated regulations.
8. If it is suspected that remains of archaeological significance are found during construction, as per the Heritage Conservation Act, all activity shall be stopped near the find and the Manager of the Archaeological Regulatory Unit, Archaeological Services Branch, New Brunswick Department of Tourism, Heritage and Culture, shall be contacted at (506) 238-3512 for further direction.

9. The proponent shall ensure that any proposed project modifications are submitted for review and approval by the Director, EIA Branch, DELG.
10. In the event of the sale, lease, or any other conveyance or change of control of the project, or any portion thereof, the proponent shall provide written notice of the conditions to the lessee, controller, or purchaser.
11. The proponent shall ensure that all developers, contractors and operators associated with the construction and operation of the project comply with the above requirements.
